Dear Mr. Wattles:

In the absence of Mr. Fred G. Clark, who will not be back until March 20, I am responding to your letter of March 9.

Unfortunately, this Foundation makes no awards of the nature you have mentioned, and I am sorry that I can make no suggestions concerning other organizations in the economic field.

I have no doubt but that there are many studies and manuscripts originating in your agency that deserve recognition, but the only granting organization I can think of is the Freedoms Foundation at Valley Forge, which might be considered somewhat unprofessional. This organization does, however, make a large variety of awards each year and it might be worthwhile getting a copy of their classifications.

Very sincerely,

Richard S. Rimanoczy  
President
